## WHAT IS DEEPER ?

- DEEPER - District Entrance Examination Performance Enhancement & Research is a Pune-based self reliant NGO that works towards giving real picture about preparation scenario and for improving student scores in Medical and Engineering entrance exams (NEET, JEE, MHT-CET) by conducting a practice exam (The Real Mock) that familiarises them with the real one.
- To that end, it involves all cogs in the wheels of education-dispensation, right from students to principals, vice-principals, supervisors, lecturers & other academic/non-academic staff and recently good quality coaching classes with fair attitude. After all, excellence is always the result of the team-work of like-minded, socially aware and motivated individuals.
- In a sentence, DEEPER is the one-stop quality platform for Testing Real Performance in NEET, JEE, MHT-CET Entrance Exams.

## MISSION

- To provide students with a fair and accurate chance to judge their performances in the NEET, JEE, MHT-CET exams.
- To give them good practice with the actual atmosphere to face various Govt. exams (NEET, JEE, MHT-CET) to the best of their abilities.
- To democratise quality education and take it to as many remote corners of Maharashtra and further in India as possible.
- To ensure that every deserving student gets a platform to test his/her academic skills in NEET, JEE, MHT-CET.

## VISION

- To upgrade the skills of interested and committed teachers and give them a chance to work towards student development by way of various paper setting and teachers training workshops.
- To create Error-free question papers, to enhance confidence of appearing students.
- Very Moderate fees with Accurate and Reliable result oriented deliverables with required analysis.
- To enhance the performances of Rural as well as Urban students in various Competitive & Entrance exams.
- To increase healthy competition, knowledge level amongst students from Urban and Rural Area.

# DEEPER's Educational and Social Contribution to the CET Process

- 1.** Due to inception of Common Entrance Test, students started ignoring the study of the board. Even they were not taking this exam seriously. As Deeper started mock exam in January, eventually the students started studying early and accordingly their HSC studies also covered properly. The effect was also seen in the results of the board. Deeper did this job of showing the right direction at the right time.
- 2.** The book 'CET Chya Umbarthyavar' written by Harish Butle, Founder-Deeper, described how misunderstandings, misconceptions about CET occur? The analysis of statistics regarding admissions to medical, engineering and similar courses in Maharashtra, created a new consciousness for the students to study.
- 3.** Since adoption of common Medical and Engineering MHT-CET there was an error in the answer sheet. In that context, Deeper highlighted the discrepancy. Some students were unknowingly taking advantage of this error. This was beneficial especially for the students appearing for both the examinations in Medical and Engineering. However, this matter became public through an article written by Mr. Harish Butle. Within a week, DMER + DTE issued a circular separating the answer sheets of Physics, Chemistry and Biology and gave proper injustice to the students who took only PCM Option.
- 4.** Deeper exam process was exactly similar to the Government's MHT-CET in all respects from Form to Admit Card including Detailed Result Sheet was extraordinary and everyone praised it.
- 5.** Deeper played very instrumental role in reducing CET exam fees. During earlier stage govt reduced their MHCET fees from ₹ 900/- to ₹ 700. That time Deeper was conducting mock exams with very reasonable fees of only ₹ 450, with all facilities similar to the Govt. operational norms.
- 6.** Though it is not on record but teachers involved pointed out this fact during various paper setting programmes of Deeper that State board followed paper setting strategy, norms and guidelines of Deeper initially in 2009, while taking their first session at Lonavala. Many senior teachers were in common during that programme.
- 7.** Earlier there were different Text-books from different Authors and Publications. All students could not afford to purchase these books. The proposal of single text book for 11th and 12th was approved by the State Board as suggested by Deeper in 2009-2010. This process gave equal opportunity to rural students. This has resulted in huge savings for students, parents and colleges by avoiding buying books from various publishers.
- 8.** Due to intervention of Deeper, attempt of repeaters for medical was banned in Maharashtra. It was restricted to 3 repetitions for medical admission, but now in NEET after 2017, this ban is lifted by Supreme Court, there is no limitation on Attempt now.
- 9.** Students those who do not score more in SSC, should not waste their time and money in preparing NEET/JEE unnecessarily. Similarly, due to the more attention to NEET/IIT, many students have not even scored 50% in MHT-CET. Deeper has made the students more aware.
- 10.** DMER and DTE were not publishing detailed merit list (in which one can easily understand how Tie is solved). Deeper has already approached the authorities directly so as to give more awareness on these Tie Breaker situations.
- 11.** While taking any CET exam, Mr. Harish Butle proposed Deeper's "SAFETI" Principle for 'How to have a common policy for CET'. A public interest litigation regarding NEET was also filed in the Supreme Court on the same basis.
- 12.** In the confusion about NEET 2013, Deeper supported the rural as well as urban students and NEET exam got cancelled during 2013.
- 13.** Mr. Harish Butle during different debates on TV channels and through articles in leading newspapers try to give clear picture regarding present scenario about various CET to the society.
